

The weather we have experienced in the Cleveland area this winter may have brought on a short term respiratory illness or an unfortunate fall on the ice. Did you know that skilled nursing and rehabilitative therapies are offered at all 5 O’Neill Healthcare Facilities? Highly skilled and trained nursing and therapy staff are employed by O’Neill Healthcare to provide quality care and treatment in order to quickly and safely get you back home.

If your insurance will not cover a skilled stay, a self- pay respite stay in Assisted Living with access to nursing care and therapy under the same roof is always an option. Assisted Living is offered at Bay Village, Lakewood, North Olmsted and North Ridgeville.

Contact O’Neill Healthcare at (440) 808-5500 and ask for the admissions department for more information and to discuss your personal situation.

February 5th is National Weatherman’s Day. Let’s hope for sunnier skies and warmer temperatures in their forecast!

Employee of the Month - Shannon Gallagher, STNA

Congratulations Shannon Gallagher STNA on being O’Neill Healthcare North Olmsted’s February Employee of the Month. Shannon is a true advocate for the residents and families. Her co-workers look forward to the days she is working as she is a team player. We hear these words thrown around a lot but it’s who Shannon is. Shannon grew up with 2 brothers and went to St. Joseph Academy. She is currently working to achieve her goal to become a nurse. She coaches freshman basketball at Magnificat High School with what little spare time she has and serves as a wonderful role model for these young ladies. She enjoys travel and spending time on Kelly’s Island. Shannon is kind and compassionate with all the residents but prefers working in the memory support unit. Her advice is to be positive and understanding. “Be aware that everything can change in a second. Whether you are floated to another unit, your assignment changes or your residents’ needs change.” We are happy to have Shannon on our team. Thank you, Shannon for all your hard work. We appreciate you!

Administrator's Corner

Dear residents and families,

I have spent the last month getting to know many of you and have found everyone to be so welcoming and enthusiastic about O'Neill Healthcare North Olmsted's future. It is with that same enthusiasm that I introduce Jennifer Horvatin as the new Administrator. Her first day with O'Neill Healthcare was January 24th after spending the last few years working as an Administrator in the area. She and her husband live in North Ridgeville with their two children, a boy and a girl. O'Neill Healthcare North Olmsted is a special place because of the people, and adding someone like Jennifer will compliment the community so well. Thank you again for your continued trust.
